

Neurosurgical Referrals

How to make a new urgent or emergency referral using the Refer-A-Patient system from 01st May 2023

For severe Traumatic Brain Injury
Follow the South Wales Trauma Network referral pathway

Start

To make a new urgent / emergency Non traumatic neurosurgical referral use the web link

www.referapatient.org

Click 1. Refer a patient or ask advice from a specialist
Search for University Hospital of Wales
Then search for Neurosurgery
And then follow all on-screen prompts

To make a referral you will need to provide:

Patient Detail including 10-digit NHS Number

You and Your Consultant
NHS email address

URGENT transfer of Scans
via IEP

Your Clinical Management
Questions

Brief History and Examination
Findings

Should you wish to discuss with our neurosurgery SpR on call whilst completing a referral, please contact
